

Subject: Club Support Grant Application

Jim Kneesch
Delta Naturalists Society,

The BC Naturalists' Foundation and BC Nature are pleased to award your club \$2490.00 in support of the Barn Owl Nest Box Project. A cheque in this amount will be mailed to you in the next few weeks.

Please note that in accepting this grant your Club is committing to the terms of the grant as stated in the project application form including acknowledging both BC Nature and the BC Naturalists' Foundation. The appropriate logos of these organizations may be obtained from the BC Nature manager, Betty Davison, at manager@bcnature.ca. A final report of the project should be submitted, along with photos, at the completion of the project. If the project is multi-year, an interim report should be submitted by October of this year. Note that if there are any identifiable people in your photos, then those people should provide you permission to use the photo.

In writing your report you might also consider that BC Nature Magazine is always on the lookout for articles by the various Clubs. You should consult with Betty as to the requirements for a magazine article.

Competition this year for Club support grants was intense and the amounts requested exceeded the funds available. As a result most Clubs did not receive the full amount of their request but all applicants received at least partial funding.

The BC Naturalists' Foundation and BC Nature are pleased to support this project and we wish you great success with this undertaking.

Yours in nature,

Alan Burger
President, BC Nature

Bob Handfield
President, BC Naturalists' Foundation
